

# UW-Approved Waste Disposal, Recycling and Treatment Sites

Hazardous waste disposal at the University of Washington is coordinated by the EH&S Environmental Programs Office using the current Washington State or UW contract vendors. For other waste streams that also cannot be disposed of as municipal solid waste, use the approved facilities listed below.

This document is primarily intended for construction and maintenance projects on UW-owned properties. For more information about contracts and contact information for vendors, call 206.616.0595 or email [chmwaste@uw.edu](mailto:chmwaste@uw.edu).
