Glossary	v
-----------------------	----------

Section 1

Emergencies Involving Radiation

A. Emergency Phone Numbers	1-2
B. Personal Injury	1-3
C. Fire	1-3
D. Inhalation or Ingestion of Radioactive Materials	1-3
E. Exposure to X-ray Machines, Accelerators or Large Gamma Sources.....	1-4
F. External Contamination to Individuals – Little or No Injury.....	1-4
G. Contamination or Spill of Radioactive Material	1-6

Section 2

Licensing and Regulatory Controls

A. Regulations	2-1
B. Radioactive Materials.....	2-1
C. Radiation Producing Machines	2-2

Section 3

UW Administration

A. Radioactive Materials License	3-2
B. Executive Director for Health Sciences Administration	3-3
C. Radiation Safety Committee	3-4
D. Radiation Safety Officer	3-7

Section 4

Authorization Process

A. Authorized Investigator	4-2
B. Applications to Use Radioactive Materials	4-4
C. Human Subjects Applications	4-7
D. Review of Initial Application	4-9
E. Approval.....	4-9
F. Renewal	4-9
G. Non-Approval of an Application.....	4-10
H. Amendments	4-11
I. Termination/Inactivation of Authorization	4-12
J. Radiation Worker	4-13

Section 5

Training	5-1
A. Individuals Directly Using Radioactive Materials	5-1
B. Individuals Not Directly Using Radioactive Materials	5-3

Section 6

Personnel Exposure and Monitoring

A. Radiation Dosimetry.....	6-3
B. Dose Limits	6-5
C. Declared Pregnant Worker	6-6
D. Personnel Dosimeters.....	6-14
E. Bioassay and Internal Dosimetry	6-21
F. Personnel Exposure Records	6-27

Section 7

ALARA Program

A. ALARA Principle	7-2
B. Radiation Safety Committee Commitment to ALARA	7-3
C. Radiation Safety Office Commitment to ALARA	7-4
D. Management Commitment to ALARA.....	7-5
E. Employee Responsibility.....	7-5
F. ALARA Principles for Mitigating External Radiation Hazards	7-6
G. ALARA Principles for Mitigating Internal Radiation Hazards	7-7
H. ALARA Exposure Investigation Levels	7-7
I. Cost-Benefit Analysis in ALARA	7-9

Section 8

Worker Rights and Responsibilities

A. Posting of Notices to Workers.....	8-2
B. RHF-3 "Notice to Employees"	8-3
C. Worker's Responsibility.....	8-3
D. Instruction to Workers	8-3

Section 9

Radiation Protection Procedures

A. Radiation Hazards	9-3
B. Personal Protective Measures - External Radiation	9-5
C. Personal Protective Measures - Internal Radiation.....	9-6
D. Personal Protective Measures - General	9-11
E. Radiation Area Control Procedures	9-12

G. Laboratory and Equipment Requirements	9-18
--	------

Section 10

Area Classification and Posting

A. "Notice to Employees, DOH Form RHF-3"	10-2
B. "Certificate of Authorization"	10-3
C. "Emergency Procedures"	10-3
D. "Caution, Radioactive Materials" (sign or label)	10-4
E. "Caution, Radioactive Material" (tape)	10-5
F. Refrigerators or Freezers	10-5
G. "Caution, Radiation Area" (sign or label)	10-6
H. "Caution, High Radiation Area" (sign or label)	10-6
I. "Grave Danger, Very High Radiation Area" (sign or label)	10-6
J. "Caution, Airborne Radioactivity Area" or "Danger, Airborne Radioactivity Area" (sign or label)	10-7

Section 11

Procurement of Radioactive Materials

A. Authorization to Order Radioactive Materials	11-1
B. Approval of Radionuclide Order	11-2
C. Ordering Process	11-2
D. Radionuclide Order Receipt	11-2
E. Radioactive Materials Inventory	11-4
F. Inventory Reports	11-5

Section 12

Shipment of Radioactive Materials

A. Shipping Regulations	12-1
B. Shipment	12-1
C. Portable Devices Containing Sealed Sources	12-2
D. Transport within the University System	12-2

Section 13

Laboratory Survey Procedures

A. Purpose of Surveys	13-2
B. Frequency	13-3
C. Survey Methods	13-4
D. Method for Specific Radionuclides	13-8
E. Where to Survey	13-9
F. How to Record Surveys	13-10

G. General Laboratory Practices13-11
H. Inspection of Records13-13

Section 14

Radioactive Waste

A. Proper Collection, Disposal, and Packaging14-2
B. Records and Labeling14-13
C. Other Items of Importance14-15

Section 15

Sealed Sources

A. Security15-1
B. Authorization Requirements.....15-2
C. Sealed Source Leak Tests.....15-3
D. Industrial Radiography15-4
