**COVID-19 Response and Prevention Team will send you a message if you tested positive for COVID-19.**

SEND AN EXPOSURE NOTIFICATION VIA WA NOTIFY.

Go to Exposure Notifications on your mobile device to request a pin and issue an anonymous notification to inform others around you of their exposure.

**STAY HOME AND SELF-ISOLATE.**

Do not go to work or class for 5 days since your symptoms started, 5 days since your test date (if you have no symptoms), or as instructed by a contact tracer.

Follow CDC isolation procedures.

Submit a COVID-19 Case Impact Form if you tested outside the Husky Coronavirus voluntary research study.

**READ THE UNIVERSITY’S QUARantine AND ISOLATION GUIDANCE**

Do not go to work or class for 5 days if you are fever-free for 24 hours without the use of fever-reducing medication or your other symptoms have improved.

Students in residence halls follow additional requirements communicated by the contact tracer.

**COMPLETE THE ELECTRONIC SURVEY.**

The COVID-19 Response and Prevention Team will send you a link to a health survey prior to the end of your isolation period.

**GET TESTED IMMEDIATELY.**

You can return to work and/or class if all of the following apply to you:
1. Your symptoms are mild; and
2. Your symptoms have improved; and
3. You have not had a fever for at least 24 hours without using fever-reducing medication.

If your symptoms are severe or getting worse, stay home, and consult a healthcare provider.

**GET TESTED AT LEAST 5 DAYS AFTER EXPOSURE**

You can return to work and/or class if your last exposure was 5 days or more before your last symptoms.

If you develop symptoms, follow instructions for vaccinated close contacts with symptoms in Scenario 2.

**STAY HOME AND QUARANTINE.**

You can return to work or class if you were exposed and get a negative result from a home test, and your symptoms have improved.

Follow CDC guidance for ongoing exposure and contact covidehc@uw.edu if you have questions.

**SCENARIO 1:** You tested positive for COVID-19.

Regardless of your vaccination status and regardless of whether or not you have symptoms.

**SCENARIO 2:** You were in close contact with an individual who tested positive for COVID-19.

You are up-to-date on COVID-19 vaccination and booster doses and/or you have tested positive for COVID-19 in the past 90 days.

**SCENARIO 3:** You have a symptom(s) of COVID-19 but no known exposure to a COVID-19 positive individual.

Do not go to work or class, regardless of vaccination status.

**STAY HOME AND SELF-ISOLATE.**

Do not go to work or class for 5 days since your last exposure or as instructed by the contact tracer.

Follow CDC guidance and contact covidehc@uw.edu if you have questions.

Follow the CDC guidance for ongoing exposure and contact covidehc@uw.edu with any questions.

FOLLOW ADDITIONAL PRECAUTIONS THROUGH DAY 10.

Wear a well-fitting surgical mask or KF94/KN95/N95 for 10 full days any time you are around others inside your home or in public. Avoid travel; Do not go to places where you are unable to wear a mask. Follow additional CDC precautions.

For guidance about re-testing, visit the CDC website.

**END ISOLATION AFTER DAY 5**

If you are fever-free for 24 hours without the use of fever-reducing medication and your other symptoms have improved.

**REMAIN IN ISOLATION UNTIL**

You are fever-free for 24 hours without the use of fever-reducing medication and your other symptoms have improved.

Contact covidehc@uw.edu with questions.

**FOLLOW SCENARIO 1.**

You can return to work and/or class if all of the following apply to you:
1. Your symptoms are mild; and
2. Your symptoms have improved; and
3. You have not had a fever for at least 24 hours without using fever-reducing medication.

If your symptoms are severe or getting worse, stay home, and consult a healthcare provider.

**FOLLOW SCENARIO 1.**

Watch for symptoms and wear a mask around others outside of your household for 10 days since your last exposure. If you develop symptoms, follow instructions for vaccinated close contacts with symptoms in Scenario 2.

**FOLLOW SCENARIO 1.**

You can leave home after day 5 if you have no symptoms. Wear a well-fitting, surgical mask or KF94/KN95/N95 when around others at home and in public for 5 additional days (through day 10).

Follow CDC guidance and contact covidehc@uw.edu if you have questions.

Follow the CDC guidance for ongoing exposure (e.g., household member has COVID-19) and contact covidehc@uw.edu with any questions.
