SEND AN EXPOSURE NOTIFICATION VIA WA NOTIFY.

End isolation after day 5 if you are fever-free for 24 hours without the use of fever-reducing medication and your other symptoms have improved.

Do not go to work or class for 5 days since your test date (if you have no symptoms), or as instructed. Follow CDC isolation procedures.

STAY HOME AND SELF-ISOLATE.

The COVID-19 Response and Prevention Team will send a link to a health survey prior to the end of your isolation period.

If your symptoms are not improving and/or you had moderate or severe illness.

If you tested using an at-home rapid antigen test, test again with another at-home rapid antigen test in 48 hours or get a PCR lab test to confirm your result.

If symptoms worsen, get tested again and contact your healthcare provider.

Did your symptoms improve after 5 days of isolation?

FOLLOW ADDITIONAL PRECAUTIONS THROUGH DAY 10.

STAY HOME AND SELF-ISOLATE.

Remain in isolation until you are fever-free for 24 hours without the use of fever-reducing medication and your other symptoms have improved.

Contact covidhec@uw.edu if you have questions.

Individuals with weakened immune systems and those who have moderate or severe illness should talk with their healthcare provider before ending isolation.

If you have ongoing close contact (e.g., household member has COVID-19)?

Will you have ongoing close contact (e.g., household member has COVID-19)?

Will you have ongoing close contact (e.g., household member has COVID-19)?

Follow the CDC’s COVID-19 Testing webpage for guidance on when to re-test.

Contact covidhec@uw.edu or 206.616.3344 to reach the COVID-19 Response and Prevention Team in the UW Environmental Health & Safety Department. Email is preferred.

Follow CDC guidance for ending self-isolation if your symptoms are not improving and/or you had moderate or severe illness.

Additional requirements are followed by students in residence halls and athletics programs.

Read the University’s Isolation Guidance for details.

With two sequential negative tests 48 hours apart, you may remove your mask sooner than day 10.

People who also work in non-UW clinical settings contact their healthcare organization/clinical supervisor for guidance on returning to activities in those locations.
